

DIMENSIONS & WEIGHT

Length x Width x Height	2100×784×1340 mm
Wheelbase	1415 mm
Seat Height	795 mm
Curb Weight	226 kg
Fuel Capacity	19 L

POWER

Engine	Liquid-cooled DOHC Inline 4-cylinder
Displacement	649.3 cc
Bore x Stroke	83 × 60 mm
Max Power	41.5kW/ 8250rpm
Max Torque	54.4N·m/ 7000rpm
Compression Ratio	11.3 : 1
Clutch Type	Wet, Multi-plate
EMISSION	EURO V

CHASSIS/ SUSPENSION/ BRAKES

Rim	Front: 3.5×17MT	Rear: 4.5×17MT
Tyre	Front: 120/70 ZR17 Pirelli	Rear: 160/60 ZR17 Pirelli
Front Suspension	KYB Upright Front Suspension	
Rear Suspension	KYB Offset Rear Suspension	
Suspension Stroke	120/45mm(shock travel)	
Front Brake	Dual Disc, J. Juan Double-piston Caliper	
Rear Brake	Single Disc, J. Juan Single-piston Caliper	
ABS&CBS	ABS(Continental)	

ELECTRONICS

Headlight	LED (low beam always-on)
DRL	LED
Tail Light	LED
Turn Light	LED
Instrument	TFT-Display

650GT

ENGINE

The liquid-cooled 8-valve 650cc parallel twin engine produces smooth, responsive power and a steady pull with its 180-degree crankshaft design. The sophisticated nature of the 650GT means a refined power curve with plenty of muscle in the midrange that requires less shifting, while also providing sporty performance that will get your adrenaline pumping. The 650GT minds its manners with a mild exhaust note, and is more reliable than ever with a revised connecting rod.

VIBRATION REDUCTION PERFORMANCE

Upgraded suspension features KYB suspension, front and rear. A softer spring rate in the 38mm KYB front fork provides a supple front-end feel for a comfortable ride. Revised damping on the rear shock offers balances the feel of the 650GT for a lightweight, agile ride.

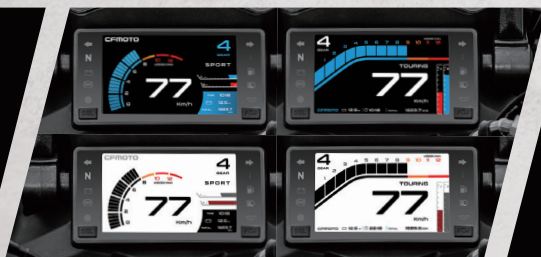

PIRELLI TIRE

The 650GT's power meets the road with PIRELLI tires. Through composite rubber technology, a hard compound in the middle ensures longer mileage while the softer compound on the sides helps with road grip so you can turn into the corners with confidence. The versatile tires also adapt well to different weather conditions while providing you with long-lasting wear.

STREAMLINE WINDSHIELD

Many hours of testing in the wind tunnel resulted in the optimized windshield. The streamlined design cuts an effective path through the air, with the height able to be manually adjusted up to 60mm for your personal preference.

TFT INSTRUMENT

A colorful 5-inch TFT display features accurate data at a glance. Choose between Touring and Sport modes at the push of a button. Self-adjusted backlighting makes info easy to read as ambient light changes. With an eye-protecting display for night riding.

REARVIEW MIRRORS

Rearview mirrors with wear-resistant, high-definition glass offer you clear views and a wide field of vision. The foldable design allows you to tuck them out of the way for narrower clearance.

LED LIGHTING

Pierce the night with all LED lighting on the 650GT. The signature L-shaped light strip is automobile-inspired and offers a modern, sophisticated look. Separated headlights optimize light clarity so you can ride confidently even after the sun goes down.

DARE TO DEFY AVERAGE

When a sporting performance meets modern practicality
When elegant design aesthetics are injected into a touring bike
Rules go out the window, average is left behind
A 650GT is born
Twist the throttle
Feel the steady rush of power
Shift into gear and ignite your senses
Leave the world behind
Lose yourself in the acceleration and find yourself in the journey
